ISO CERTIFICATION: 9001:2015 Nº CA-1.092. ACCREDITED LABORATORY Nº 046/ GA/ SA680A

PRODUCT

AQUAZIX® ALGAE

DESCRIPTION

Broad spectrum algicide effective against single-cell microalgae (diatoms, haptophytes, *Anabaena* spp.) and multicellular macroalgae (brown, green, cyanophytes). Suitable for the prevention and treatment of undesired algal blooms in fresh, brackish and salt water. Improves water oxygenation by reducing Chemical Oxygen Demand (COD), and minimizes the generation of organic vectors relevant in the emergence and spread of aquaculture diseases.

INGREDIENTS

Synergistic combination of algicides and anionic tensioactives.

DESTINATION AND USE

Solid product in tablet format, easy to apply and with high solubility in fresh, brackish or salt water. Use for algae control in outdoor tanks, lagoons, reservoirs; maintenance cleansing of pipes, water ducts; disinfection of phytoplankton systems, mollusc nurseries, etc.; for cleaning nets and mesh in cages, outdoor ponds for the on-growing of crustaceans, etc. During **algicidal treatment** use at 10-12 tablets/1000 m³; for the **prevention** of undesired blooms, use at 2-3 tablets/1000 m³.

PRESENTATION

5 Kg buckets containing 200 g tablets. Please contact our Commercial Office in ventas@acuinuga.com for further details.

AVAILABILITY

Delivery time: 15 working days from date of order.

OBSERVATIONS

Completely biodegradable product, does not result in the generation of toxic and/or dangerous metabolites. Carefully follow the instructions of use in order to minimize risk to persons and environment. Keep away from high temperatures and direct sunlight.
