ISO CERTIFICATION 9001:2015 N° CA-1.092. AUTHORIZED LABORATORY N° 046/GA/SA680A

#### PRODUCT

**CLEAN ZIX®**

#### DESCRIPTION

Foaming detergent, concentrated alkaline liquid for use on surfaces with high content in organic matter. Effective disinfectant for the thorough cleansing of all types of surfaces. Strong descaling power, effective for all types of waters, including very hard waters. Easy mixing and rinsing.

#### INGREDIENTS

Alkali formulation combining tensoactive agents, humectants, emulsifiers and sequestering ingredients.

#### DESTINATION AND USE

Apply diluted to 1.5% over surfaces with low content in organic matter; dilute to 2% for surfaces with medium content in organic matter and dilute to 3-4% for surfaces with high content in organic matter. Apply with backpack sprayer or high pressure washer using minimum possible power. The efficacy of the product improves when using warm water at 35 to 50 °C. Do not use in closed circuits. Cleansing capacity improves by previous watering of surfaces to be cleaned. Minimum contact time: 15 min. It is recommended to avoid drying out during application. Rinse thoroughly.

#### PRESENTATION

Liquid product in 20, 200 and 1150 Kg containers. Please refer to our Commercial Office at [ventas@acuinuga.com](mailto:ventas@acuinuga.com) for further details.

#### AVAILABILITY

Delivery time: 15 working days from date of order.

#### REMARKS

Highly (90%) biodegradable product. Carefully follow the instructions of use in order to minimize risk to persons and environment. Keep away from high temperatures and direct sunlight.
