PRODUCT

GROW-OUT BASKETS

DESCRIPTION

Grow-out baskets specifically designed for the **first** and **secondary growth**, final **conditioning** and restocking of **oysters** and other commercial **mollusks**. Built on inert, extremely robust materials resistant to rough handling and corrosion. **Simple** and **quick assemblage**, with a carefully designed plastic surface that minimizes algae and perifaunal growth, thus enhancing water flow. Their easy opening cap allows for quick access to the cultivar, **optimising handling** and favouring **high growth rates**. Ideal for use under a long-line system or stacked under floating rafts.
